By combining ecstatic spiritual practice with various Healing techniques and exercises, we can learn to lift the veil that covers the Pearl of Great Price hidden in the depths of the Soul. When that veil is lifted, when the hidden treasure is found, it becomes effortless to cultivate and maintain a radiant energetic atmosphere, and a positive emotional and mental attitude, and we experience Transformation in all our relationships – personal, interpersonal, and planetary. We become beacons of Light, Blessing, and Healing for ourselves, for others, and for every situation we encounter, because we finally know who we truly are.

Muiz Brinkerhoff

Initiated into Sufism by Wali Ali Meyer, in 1975 within the *Sufi Ruhaniat*, certified as a dance leader by Pir Moineddin Jablonsky in 1979, Muiz has presented the Dances, led Sufi practice, and mentored other Dance leaders at classes, seminars, camps, and retreats around the US, and in the UK. He also works individually with those who resonate with his approach to Waking Up, both in the US and in the UK. Muiz' focus is a combination of embodied spiritual practice, building magnetism, deepening attunement, cultivating a healthy sense of humor, and not taking self too seriously – all of which help in the process of clearing unfinished business and shadow issues, so that one can fully incarnate and inhabit one's body, and eventually realize that body actually is the temple, and heart is the altar, of God/Goddess/Source.

Devi Tide

Devi was initiated into Sufism in 1975 within the *Sufi Order*. She was certified as a dance leader by Shahabuddin Less in 1983. Devi specializes in the dances and spiritual practices that awaken, energize, heal and transform individuals and the planet. She offers classes, seminars, and individual and group retreats. Since 1994, Devi has traveled worldwide, and in addition to her programs for those interested in Sufism, she has spoken at events geared to the transformation of our planet. She was an invited guest at the UN Millennium Peace Summit, was the first woman to speak at a Sufi Symposium in Hyderabad, and taught at the Harvard Mind-Body Institute. Devi works with individuals seeking personal transformation, and is head of the Sufi Healing Order in North America.
